

LOAD A LIST OF NAMES TO APP

On Web Go to:

- 1 <https://myskitool.com/GoProUser0/GoProQuickAccessMSTC.html>
- 2 CLICK on MANAGE
- 3 Select your Camera group / caemra(i.e. Ellis Cameras)
- 4 Set a list of 'Custom Names' (i.e. JeffNate, RobEllis, LexisNate)
- 5 With the list active in the select box, click on setGoPro (this sends the list to the camera, which gets saved to local storage)
